Due: 2018-11-25 01:13:00

Description: Assessment for the Programming lesson.   Score: 0 of 2 = 0.0%

Questions

intro-12-1: Why create an algorithm?   **Not yet graded**

○A. Because computers are better at solving problems.

○B. So that you don't have to solve the problem yourself.

◉C. So that you have a general solution to a problem.

○D. Because you need a set of instructions to follow.

| Check me | Compare me |

✔ Yes, by creating a general solution you can then express it as a program if you choose, and then use a computer to automate the execution.
